INDEPENDENT AUDITORS' REPORT

To the trustees of LHC Foundation Trust

We have audited the financial statement of LHC Foundation Trust, which comprise the statement of financial position as at 29 February 2012, and the statement of comprehensive income, statement of changes in equity and statement of cash flow for the year then ended, and a summary of significant accounting policies and other explanatory notes, and the trustees' report, as set out on pages 5 to 15.

Trustees' Responsibility for the Financial Statements

The trust's trustees are responsible for the preparation and fair presentation of these financial statements in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

In common with similar organisations, it is not feasible for the organisation to institute accounting controls over cash collections prior to the initial entry of the collections in the accounting records. Accordingly, it was impracticable for us to extend our examination beyond the receipts actually recorded.

Qualified Opinion

In our opinion, except for the possible effects of the matter described in the Basis for Qualified Opinion paragraph, the financial statements present fairly, in all material respects, the financial position of LHC Foundation Trust as at 29 February 2012, and its financial performance and cash flows for the year then ended in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities.

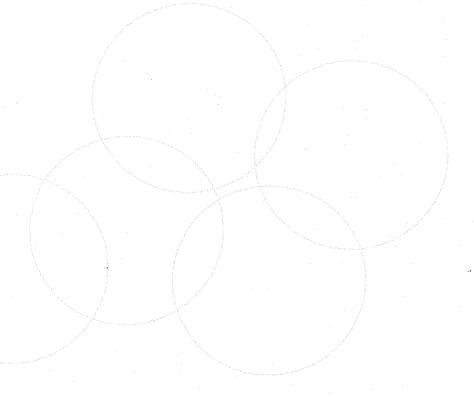

Supplementary Information

Without qualifying our opinion, we draw attention to the fact that supplementary information set out on pages 16 to 17 does not form part of the financial statements and is presented as additional information. We have not audited this information and accordingly do not express an opinion thereon.

TRUSTEES' RESPONSIBILITIES AND APPROVAL

The trustees are required to maintain adequate accounting records and are responsible for the content and integrity of the financial statements and related financial information included in this report. It is their responsibility to ensure that the financial statements fairly present the state of affairs of the trust as at the end of the financial year and the results of its operations and cash flows for the period then ended, in conformity with the International Financial Reporting Standard for Small and Medium-sized Entities. The external auditors are engaged to express an independent opinion on the financial statements.

The financial statements are prepared in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities and are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgments and estimates.

The trustees acknowledge that they are ultimately responsible for the system of internal financial control established by the trust and place considerable importance on maintaining a strong control environment. To enable the trustees to meet these responsibilities, the board sets standards for internal control aimed at reducing the risk of error or loss in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the trust and all employees are required to maintain the highest ethical standards in ensuring the trust's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the trust is on identifying, assessing, managing and monitoring all known forms of risk across the trust. While operating risk cannot be fully eliminated, the trust endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The trustees are of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

The trustees have reviewed the trust's cash flow forecast for the year to 28 February 2013 and, in the light of this review and the current financial position, they are satisfied that the trust has or has access to adequate resources to continue in operational existence for the foreseeable future.

The external auditors are responsible for independently reviewing and reporting on the trust's financial statements. The financial statements have been examined by the trust's external auditors and their report is presented on page 2.

The financial statements set out on pages 5 to 17, which have been prepared on the going concern basis, were approved by the board on 29 June 2012 and were signed on its behalf by:

D. L. Cochrane

G. J. Retief

TRUSTEES' REPORT

The trustees submit their report for the year ended 29 February 2012.

1. The trust

The trust was formed in terms of a deed of donations and trust by the TSK Investment Trust dayed 1 June 2002.

2. Review of activities

Main business and operations

The operations of the Trust are intended to provide a meaningful and long term solution to the growing number of children living on the streets, as well as address the social problems associated with these children.

Since the commencement of its operations, the Trust has received a growing level of support from the public and its trustees are confident that this support will contribute significantly towards helping it achieve its objectives.

The objectives of the Trust are more fully set out in its Deed of Donation and Trust which is included on its website (www.icare.co.za).

During the year the Trust pursued its objectives of contributing to the upliftment of the lives of street and homeless children by providing financial, material and spiritual upliftment to the children on the streets as well as to a number of homes and shelters which support these children.

The operating results and state of affairs of the trust are fully set out in the attached financial statements.

Material support, which is provided through the Trust's "social surpluses" campaign, was received from a number of businesses and private individuals. The value of these 'in-kind' donations received with regard to this aspect of the Trust's operations has not been reflected in the financial statements of the Trust although the expenses associated with the collection and distribution of this material support are included.

Total donations received by the Trust for the year were R 4,105,516 (2011: R 5,071,696). Included in these donations received in the current year are certain amounts which though included in current income have been donated to defray future expenditure of both a capital and and income nature. Therefore the current year accumulated surplus represents this income carried forward to cover this expenditure which will be incurred in the forthcoming financial year.

TRUSTEES' REPORT

3. Going concern

The financial statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and settlement of liabilities, contingent obligations and commitments will occur in the ordinary course of business.

The ability of the trust to continue as a going concern is dependent on a number of factors. The most significant of these is that the trustees continue to procure funding for the ongoing operations for the trust.

4. Events after the reporting period

The trustees are not aware of any matter or circumstance arising since the end of the financial year.

5. Trustees

The trustees of the trust during the year and to the date of this report are as follows:

Name

D. L. Cochrane

K. L. Cross

T. I. Mufamadi

G. J. Retief

P. A. Harwood

T. Lubede

6. Auditors

Harel Davidson Incorporated will continue in office for the next financial period.

ACCOUNTING POLICIES

1. PRESENTATION OF FINANCIAL STATEMENTS

The financial statements have been prepared in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities. The financial statements have been prepared on the historical cost basis, and incorporate the principal accounting policies set out below. They are presented in South African Rands.

These accounting policies are consistent with the previous period.

1.1 Property, plant and equipment

Costs include costs incurred initially to acquire or construct an item of property, plant and equipment and costs incurred subsequently to add to, replace part of, or service it. If a replacement cost is recognised in the carrying amount of an item of property, plant and equipment, the carrying amount of the replaced part is derecognised.

Property, plant and equipment is carried at cost less accumulated depreciation and any impairment losses.

Depreciation is provided using the straight-line method to write down the cost, less estimated residual value over the useful life of the property, plant and equipment, which is as follows:

Item	Average useful life
Leasehold property	3 years
Furniture and fixtures	6 years
Motor vehicles	5 years
Office equipment	5 years
IT equipment	3 years
Computer software	2 years

The residual value, depreciation method and the useful life of each asset are reviewed at each annual reporting period if there are indicators present that there is a change from the previous estimate.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item and have significantly different patterns of consumption of economical benefits is depreciated separately over its useful life.

1.2 Financial instruments

Financial instruments at amortised cost

Financial instruments may be designated to be measured at amortised cost less any impairment using the effective interest method. These include trade and other receivables, loans and trade and other payables. At the end of each reporting period date, the carrying amounts of assets held in this category are reviewed to determine whether there is any objective evidence of impairment. If so, an impairment loss is recognised.

Financial instruments at cost

Equity instruments that are not publicly traded and whose fair value cannot otherwise be measured reliably are measured at cost less impairment. This includes equity instruments held in unlisted investments.

Financial instruments at fair value

All other financial instruments are measured at fair value through profit and loss.

ACCOUNTING POLICIES

1.3 Impairment of assets

The trust assesses at each reporting period date whether there is any indication that an asset may be impaired. If any such indication exists, the trust estimates the recoverable amount of the asset.

If there is any indication that an asset may be impaired, the recoverable amount is estimated for the individual asset. If it is not possible to estimate the recoverable amount of the individual asset, the recoverable amount of the cash-generating unit to which the asset belongs is determined.

A reversal of an impairment loss of assets carried at cost less accumulated depreciation or amortisation other than goodwill is recognised immediately in profit or loss. Any reversal of an impairment loss of a revalued asset is treated as a revaluation increase.

1.4 Revenue

Income from donations and grants, including capital grants, is included in incoming resources when these are received as follows :

- When donors specificy that donations and grants given to the Trust be used in future accounting periods, the income is deferred until those periods.
- When donors impose conditions which have to be fulfilled before the Trust becomes entitled to use such income, the income is deferred and not included in incoming resources until the pre-conditions for use have been met.
- Donations received in kind are not recognised as income as they cannot be measured reliably.

When donors specify that donations and grants, including capital grants, are for particular restricted purposes, which do not amount to pre-conditions regarding entitlement, this income is included in incoming resources of restricted funds when received.

Other revenue earned by the trust is recognised on the following basis :

- Interest income - as it accrues.
